

KARMA

315W-1000W Horizontal Lamp Concealed Vacuum Airflow Technology Reflector

FEATURES

- Horizontal lamp with 100% light distribution allows for a low-profile hood for applications with limited overhead space
- Provides even lumen distribution without excessive dissipation, eliminating the “pyramid” effect
- Superior photometric performance creates a greater amount of uniform light nutrients
- 8” push/pull duct openings maintain 100% reflective capability and improve airflow efficiency which allows more hoods to be vented using fewer fans
- Patented reflector design creates a more than 30% improvement in light output over traditional, vented hoods
- Cooler lamps and housings reduce heat load issues and the costs associated with resolving them
- Exceptional housing quality ensures reliability and durability, minimizing down time due to maintenance and cleaning
- Durable black powder coated finish

SPECS

- Constructed of heavy-duty 22 gauge steel
- 1/8” Thick tempered glass lens
- Removable door for easy lamp access and cleaning
- Standard with 15’ cord and ballast plug
- 315W-1000W MH/HPS
- One (1) pair of V-hooks for mounting included
- Any component that fails due to a manufacturing defect is guaranteed for thirty days. The warranty does not cover physical damage, abuse or instances of uncontrollable natural forces. See the full Growlite warranty document for detailed information. (Terms and Conditions apply)
